

CONTRACT FOR NEW DEPOT LET

G. A. Johnson & Sons of Chicago, Will Put Up the Building.

IT WILL COST \$30,000

Will Be a Larger and Better Structure Than That of Northwestern Road.

WORK BEGINS AT ONCE

Yesterday afternoon the contract was signed between the officials of the C. M. & St. P. R. R. and G. A. Johnson & Sons, general contractors, 153 LaSalle street, Chicago, whereby the latter secured the contract for the erection of a passenger station for the Milwaukee road in this city.

Just when the work of construction will begin is not known, but probably some time next week.

The new station will cost about \$30,000 and will be larger and in some things, better than the station of the Northwestern road in this city.

The new station will be located between North Academy and North Jackson streets and will span North High street, the latter street having been closed, except thirty feet on the easterly side of the said street where it crosses the property of the Milwaukee and Northwestern roads.

The old freight depot will be torn down within a short time and a sewer constructed from the new station to connect with a private service on Jackson street near the new city hall.

It is understood that the owners of the storage warehouses just west of the old passenger station have been notified to move the buildings that the tracks for the new station may be laid west of the tracks now used by the Milwaukee road.

WILL INVESTIGATE THE BEEF TRUST

Resolution in House Asking for Information from Attorney-General Knox Laid Upon the Table.

Washington, D. C., April 15.—The house committee on the judiciary reported to the house a resolution calling on the attorney general for information upon what steps had been taken to investigate the beef trust. The committee recommended that it lie on the table. The resolution was accompanied by a letter from Knox in which he says some time ago he directed a thorough investigation to be made by one of the U. S. District Attorneys to ascertain whether such a combination existed.

Dole to Govern Hawaii.

Washington, April 15.—President Roosevelt has settled the contest about the political offices in the territory of Hawaii. Governor Sanford B. Dole wins and will remain at his post. The following announcement was made at the White House after a conference with Governor Dole and George Carter of Honolulu: "The President, after a most careful investigation and hearing as many men as possible, and hearing from others, has come to the conclusion that Governor Dole's course has been such as to warrant his continuance as Governor of Hawaii, and entitle him to the respect and hearty support of the administration."

This result has been confidently predicted from the beginning by the friends of Governor Dole, who believed that his personal explanation of affairs in Hawaii would be amply sufficient to set at rest some of the charges that have been made. Governor Dole has made an excellent impression on the President. The governor will return to Honolulu in a fortnight.

Argue the Merger Case.

Washington, April 15.—During his argument before the United States Supreme Court in the merger case brought by the State of Washington against the Northern Securities Company and the Northern Pacific and Great Northern roads, Attorney General Stratton agreed with a suggestion of Justice Brewer that the roads were interstate roads and therefore it was competent to appeal to the national authorities.

Charles W. Bunn, for the railroads, contended that if the State of Washington could come to the Supreme Court for relief, it could go to the courts of New Jersey, and declared that there was no precedent for such action. Justice White suggested that there was no precedent for such enormous combines as complained of in this case.

NEW CRUSOE IS FOUND OFF COREA

Man Cast Away on Desert Island Seventeen Years Ago, Rescued by a Japanese Vessel.

Honolulu, April 9, via San Francisco Cal., April 15.—(Special)—By the steamship China comes the story of a real Japanese Robinson Crusoe, who lived for seventeen years on a deserted island near Gensan, off Corea.

The man was seen by the Japanese master of a fishing schooner, who thought him a monster from his wild appearance and did not dare land. He reported to the Japanese government, which sent a torpedo boat in search of the man on the island. He was found and brought back to Nagasaki.

The man had been so long without companionship that he was reduced almost to imbecility. His hair and beard were long and unkempt, and he had almost lost the power of speech. He had been cast away on the island seventeen years ago and had subsisted since that time on seaweed and fish, living in a cave. He was entirely without implements of iron or any means of utilizing the scanty materials of nature which the island furnished.

GATES ADMITS BUYING THE ROAD

Transfer of the Louisville & Nashville Railway is Put in the Hands of J. P. Morgan & Co.

New York, April 15.—John W. Gates this morning issued a statement regarding his purchase of Louisville and Nashville stock. He said he had purchased control of the road, but there would be no corner in the stock. He added that the entire matter had been placed in the hands of Morgan & Co. to act as arbitrator in order to avoid disturbances in the financial situation.

BOARD OF CONTROL ALL RE-ELECTED

Milwaukee, Wis., April 15.—(Special)—All the old officers of the state board of control were re-elected today as follows: President, Judge Wm. P. Lyons, Vice President, N. B. Treat; Secretary, M. J. Tappins. All are elected for one year.

Death of Aged Bride.

Nyack, N. Y., April 15.—Mrs. Jane E. Barker, 74 years old, who was married at Key West, Fla., on March 29 to Cloyd H. Barker, aged 33 years, died suddenly at her home in South Nyack. It is thought that she has left to her husband her fortune, which amounts to some \$70,000 or \$80,000.

Famous Quarry Cases Decided.

St. Louis, Mo., April 15.—The famous Talbot quarry cases have been decided by the United States supreme court in favor of the First National and St. Louis National banks of St. Louis City. Over \$130,000 was involved. The suits have been in the courts for more than six years.

Gift to Belvidere Y. M. C. A.

Belvidere, Ill., April 15.—A Belvidere man, whose name is not given, has offered the young men of Belvidere a \$20,000 Y. M. C. A. building, equipped with a gymnasium, bath, etc. He will give a deed to the property when an organization of 100 members is formed.

Aged Woman Burned to Death.

Chippewa Falls, Wis., April 15.—Mrs. Jones, 87 years old, was burned so badly that she cannot recover. She was smoking a pipe, when her dress caught fire from the ashes. Being helpless from age, she was unable to extinguish the blaze.

Forest Fires in Maryland.

Upper Marlboro, Md., April 15.—Alarming reports of fires burning over a wide area in Prince George's county have been brought to Upper Marlboro. It is reported that in the neighborhood of Centerville, where fires are raging, the roads are impassable. No lives are reported as having been lost thus far.

Manufacturers Meet.

Must Go to Prison.

Washington, April 15.—The Supreme Court declined to grant a writ of certiorari in the case of Anthony L. Deglignae and Herbert S. Mills against the United States. The action of the court in declining to interfere in this case will result in sending the two men in question to a term of three years and force them to pay a fine of \$1,000 for sending a letter through the United States mails informing persons where obscene pictures could be purchased.

Grant Statue Designed.

Washington, April 15.—The Grant statue commission has reported the designs of Henry Merwin Shrady and Charles Henry Nelhaus, both of New York, to be respectively first and second in intrinsic merit of the models selected for the statue to be erected.

BREAD TAX IN GREAT BRITAIN

Revival of the Ancient Duties on Grain and Flour.

WAR IS THE CAUSE

Big Deficit is Placed at £58,000,000 in Budget Statement by Hicks-Beach.

BLOW TO FREE TRADE

London, April 15.—The exigencies of the Boer war have compelled the British government to propose a tax on grain and flour. Not since 1869 has a tax been laid on the bread of a British workman.

The budget for the fiscal year of 1902-03 was presented in the house of commons late yesterday afternoon by Chancellor of the Exchequer, Sir Michael Hicks-Beach. It proposes the following new taxes:

Three pence (six cents) per hundred weight on all imported grain.

Five pence (ten cents) per hundred weight on imported meal and flour.

Two penny (four cents) stamps on checks, instead of one penny, as at present.

One penny (two cents) on the pound sterling increase in the income tax.

In addition Sir Michael Hicks-Beach proposes to suspend the sinking fund and to issue a new loan of £32,000,000 (\$160,000,000).

On the other hand, the duty on sugar stands as it is, and no increase is proposed in the taxes on wine, beer, tobacco and tea. The export tax on coal, imposed a year ago, is left untouched.

Yields to Boer Demands.

The budget is for peace. Sir Michael Hicks-Beach reached the climax of his speech with the announcement that the government had acceded to the Boer demands for the restocking and rebuilding of the ruined farms in the Transvaal and Orange River colonies. The House of Commons resounded with cheers for several minutes after the announcement.

Sir Michael Hicks-Beach is seldom dramatic, but when he referred today to the government's intention to restock the Boer as well as the colonial farms his voice rose to an eloquent pitch. His gesture, as he spoke in praise of the valor of the Boers, and expressed his hopes for subsequent friendship between Britain and Boer, took the house with him, and the cheers, especially from the opposition, prevented the speaker from continuing his speech for some moments.

Hopes for Speedy Peace.

The failure to explain this important point is taken in the House of Commons to indicate that the government has strong hopes of a speedy issue of the negotiations now progressing at Pretoria between the Boer leaders, although it wishes to impress the world in general and the Boers in particular with its ability and determination to push the war to a finish should the British terms of peace be refused.

Proposed Duties on Grain and Flour.

The proposed duties on grain and flour will provoke a bitter political controversy. The liberals are already rallying around Sir Henry Campbell-Bannerman and Sir William Vernon Harcourt, both of whom denounce the proposed taxes as the death blow to the national principle of free trade.

FIVE CHILDREN AT A BIRTH

Quintuplets, All Girls, Are Born to New York Woman.

Poughkeepsie, N. Y., April 15.—Mrs. James McGowan, 28 years old, of Tucker's Corners, a village in Ulster county, yesterday gave birth to five children, all girls. All are doing well.

Mrs. McGowan is the mother of three other children, a son and a pair of girl twins.

BREAK IN A WISCONSIN DAM

Large Section Under Water at Post Lake on Wolf River.

Appleton, Wis., April 15.—Fifty feet of the dam at Post Lake on the Wolf River, fifty miles north of here, went out yesterday, doing considerable damage. Fifteen square miles of country is at present under water. The flood threatens to take out the Gams at Lower Post Lake and at Elcho. The dam belonged to the Wolf River Improvement Company. It went out several years ago. There was no loss of life.

Texas Drought Broken.

Dallas, Tex., April 15.—The drought of the last two years in the extreme south of Texas was broken by heavy rains extending over nearly all the region between San Antonio and the Rio Grande, as far east as Laredo and west to Sanderson, over 300 miles.

GENERAL STRIKE ON IN BELGIUM

Workingmen Quit Places in All the Mines and Large Factories.

TROOPS ON GUARD

City of Brussels Quiet Today, But Expecting Disturbance at Any Moment.

FEAR BLOODY CLASH

Brussels, April 15.—The city is quieter today than at any time since the rioting began. Everybody is awaiting with anxiety parliament's action on the demands of the socialists. On this reply depends whether or not quiet will be permanently restored. An uneasy feeling is apparent in the strike centers. The government is doubling precautions against an uprising in the palaces.

A meeting of the workmen was held this morning. The leaders counseled the people to maintain a calm but to put forth all their energy carrying on the strike. It is said there are now two hundred thousand workmen on the strike. The funeral of the men killed in the recent riots will be held tomorrow morning. All the socialists of Brussels will be in the cortege.

General Strike is On

Brussels, April 15.—The general strike throughout the industrial districts of Belgium began today. Two strikers were killed and two wounded by the police in a fight at Gramont. This is the only serious incident so far reported. Strong military precautions have been taken in every part of Belgium. The strikers say they are not opposing their employers, but the government. The strike has begun generally in the mining regions of the country, which are divided into four coal fields surrounding Mons, La Louviere, Charleroi, and Liege.

Coal Mines are Closed

A dispatch from La Louviere announces that, in accordance with the decision of the labor leaders, a general strike has commenced in the coal mines, glass works, and factories of the central districts, including Marlemont and Bascoup.

Advices from Liege say that a general strike has been started in the coal mines of the Seraing district and in the Kettin foundries at Solesin. The quarries of the Ambieve Valley have also struck. There has been rioting at Pouleur, where the convent of the Little Sisters of Poor has been stoned.

State Arsenal Threatened

At Cuesmes, a town in the Province of Hainaut, 5,000 strikers assembled around the State arsenal, with the object of stopping work.

The weavers of Ghent are ceasing work, as a general strike of the weaving trade, it is expected, will be declared.

A great strike has commenced at Charleroi, where 15,000 out of the 40,000 coal miners have already stopped work.

About 18,000 men are now out on strike in the Mons district.

MOB SURROUNDING JAIL AT DES MOINES

Indications Are That Murderers of the Peterson Boy and Girl Will Be Lynched as Soon as Found.

Des Moines, April 15.—When it was learned this morning that the announcement that the negroes suspected of the murder of Lena and Peter Peterson, had been removed from the city, was a ruse to quiet the mob which immediately dispersed. Another mob surrounded the jail but as yet there is no disturbance. Rifles are stored in the jail in preparation for an attack. The indications point to an attempt to lynch the right persons, just as soon as they are found.

MINE INSPECTION LAW VALID

United States Supreme Court Upholds Statute of Illinois.

Washington, April 15.—In the United States Supreme court Justice Brown announced an opinion in the case of The People of Illinois, involving the constitutionality of the Illinois statute providing for the inspection of mines. The law was attacked on the ground that it is discriminatory in that it requires an inspection only of mines employing more than five miners, and in that it gives discretion to the inspectors to determine how many times in a year a mine shall be inspected and also what fees shall be charged for making the inspection. The court did not, however, sustain the exception, but held the law valid, thus affirming the decision of the Supreme Court of Illinois.

Sang "Star Spangled Banner."

Paris, April 15.—A gala performance for the Milan memorial fund was given at the opera comique this afternoon. The audience arose and sang the "Star Spangled Banner." President Loubet, W. K. Vanderbilt, W. R. Hearst and the Duchess of Marlborough were among the notables present.

TEACHERS CLAIM TO BE UNDERPAID

There Are 365 of Them in Milwaukee Who Get Less Pay Than Any Day Laborer.

Milwaukee, Wis., April 15.—Summary action is to be taken by the representatives of 700 class teachers in the Milwaukee Teachers' association, more than half of whom are paid less than day laborers and window washers about the public buildings, school-houses, included, at a meeting Saturday morning. From expressions of members today it would seem that something in the nature of a strike is not improbable.

There are 365 public school teachers who are receiving a smaller annual salary than the wage of the day laborer in Milwaukee, according to a report to be made by the committee on city salaries, which will be submitted Saturday, and it will show that the teachers of the city are the most poorly paid of any city in the United States. An appeal will be made for an increase in wages and the influence of the demand will be felt. Already the rumors of it have caused a stir in the school board, and Superintendent Selfert said today he was investigating it.

SPORTING EVENTS BEGUN THIS WEEK

Opening of the Racing and Base Ball Season—Beloit Defeated Rockford at Beloit Yesterday.

This is the week of weeks from a sporting point of view. It is the week when thousands of men and women, who gladly sacrifice their time and shakels for the privilege of enthusing over a baseball game and riding all their worldly possessions on the outcome of a horse race, thrive and flourish. In a word the formal opening of the outdoor sporting season of 1902 will be inaugurated before the world is seven days older.

Today the racing season in Chicago opens at the Lakeside track. On Thursday the serious work of the baseball season and other sports will begin to show up.

Beloit, 11; Rockford, 6.

Beloit, Wis., April 15.—The presence of Coach Hollister in the pitcher's box for Beloit yesterday afternoon inspired the collegians to play hard baseball, and they won easily from the Rockford league team by a score of 11 to 6.

HILL PLEADS FOR HARMONY IN PARTY

Address in New York Last Night Based on Speculation as to What Jefferson Would Do.

New York, April 15.—David B. Hill was the principal speaker at the Jefferson celebration of the Democratic club last evening.

Mr. Hill's speech was based upon speculation as to how Jefferson would act if he were living today.

The administration of President Roosevelt, he said, was all at sea and "wobbling" on every important or vital issue. The President's speeches had been characterized as "eloquent treatises on elementary government, containing nothing new and nothing definite."

The trust evil and the growing disparity between the number of employed and employers he regarded as the chief menace to American institutions.

Mr. Hill said Jefferson never favored the establishment of colonies under separate colonial government, either civil or military, and had been an ardent advocate of the election of senators by direct popular vote, only yielding on this point for fear of endangering the entire constitution.

He spoke indignantly of the project to send an envoy to the coronation of the King of England, while not a word was uttered in sympathy for the Boers fighting to maintain a republic.

The speaker said that party differences and not party principles had defeated the democrats heretofore and could be avoided in the future.

ROOSEVELT KEEPS HEAVILY INSURED

He Has Taken Out a New Fifty Thousand Dollar Policy, and Continues the Old Ones.

New York, April 15.—Since he became chief executive of the nation President Roosevelt has become one of the most heavily insured men in the United States. The president has just taken out a policy for \$50,000 in a New York company, besides continuing policies for smaller amounts which he had taken out long before he was elected Governor of New York.

President Roosevelt's policies, it is understood, exceed by \$15,000 or \$20,000 those held by President McKinley. Mrs. McKinley was paid about \$50,000 on policies on her husband's life.

RATHBONE TO BE RELEASED

Surety Company Will Be Responsible for Him When Wanted.

ALL DUE TO HANNA

Ohio Senator Procures the Acceptance of Bail Bond by Secretary Root.

STANDS BY HIS FRIEND

Washington, April 15.—Senator Hanna has won the first round in his fight for his friend Rathbone. Within a day or two Major Rathbone will be released from prison in Havana. A telegram was sent to Governor Wood from the war department, by instructions of President Roosevelt, ordering the acceptance of a bond for bail for Rathbone's appearance.

Several days ago Senator Hanna arranged with the Fidelity Bonding company of Baltimore to guarantee the \$100,000 bail which the court had demanded. To the surprise of everyone the court refused to accept the Fidelity as security and asked that a cash deposit of \$100,000 be made before Rathbone was released from prison.

When this report was made to him Senator Hanna replied, with a good deal of emphasis, that he would not put up a hundred thousand dollars to be placed in the control of the Cuban courts, for if he did he should want some good guarantee, better than anyone is able to furnish at the present time, that in case he produced his man when wanted the money in turn should be forthcoming.

This demand for the cash nettled the senator from Ohio, and he started out to see if a civilized method of doing business could be applied to Cuba, at least as long as the island is under American control. The result was the order which Secretary Root sent Gov. Wood. As soon as the details can be arranged the bond of the Fidelity company will be accepted and Major Rathbone will walk out of jail.

It is a curious fact that Senator Hanna's earnest stand for his friend has attracted a vast amount of attention throughout the country. Hundreds of letters and telegrams are pouring in upon him, commending his course. Many of the writers say that they do not know whether Rathbone is innocent or guilty, but they like a man who sticks up for his friend in an hour of trouble. In the attitude of Mr. Hanna concerning this affair the American people appear to see a quality which they like.

Mr. Hanna is more than ever convinced of Rathbone's innocence. He has personally interviewed a number of men, Americans, who attended the trial every day and who declare there was not a scintilla of real evidence that Rathbone was guilty of stealing or embezzling and that the case brought against him would not have secured conviction of a tramp in any American police court. Three American newspaper men who watched the trial day after day say Rathbone was convicted unjustly, and that he could never have been convicted at all had it not been for the influence which Gov. Wood exercised upon the court. The five judges who tried the case there before no jury were all appointees of Wood.

It is said that nearly everyone in Havana—Americans, Cubans and Spaniards—believes Rathbone innocent. Scores of visitors call to see him every day. After his bail has been accepted he will wait till President Palma takes office and demand a new trial.

FLORENCE MINERS QUIT WORK

Superintendent Refused to Reinstatement Men Discharged for Loafing.

Florence, Wis., April 15.—The entire force at Florence mine struck because acting Superintendent Felix Vogel of New York refused to reinstate six men discharged for alleged loafing.

Mine Engineer Charles Van Marter was drawing fires and Vogel ordered him to desist at the muzzle of a revolver, when the weapon was knocked aside and Vogel was hustled from the place.

Later Vogel was arrested and placed under peace bonds just as he was boarding a train.

The mine is slowly filling with water and will fill in twenty-four hours. Ugly threats have been uttered against Vogel.

Wreck Is Averted.

Indianapolis, Ind., April 15.—The Indianapolis & Cincinnati express on the Chicago division of the Big Four had a narrow escape from wreck by a burning trestle four miles east of this city. The train was stopped within 100 feet of the trestle.

Catarrh

The best authorities say, is a disease of the blood.

Therefore local applications cannot cure.

Being a constitutional disease it requires a constitutional remedy—Hood's Sarsaparilla.

By thoroughly purifying the blood, this great medicine reduces the inflammation of the mucous membrane and stops all catarrhal discharges of the nose, throat, stomach, bowels, bladder and generative organs.

Catarrh is especially dangerous in persons who inherit or have acquired a predisposition to consumption.

In these and all other catarrhal cases, Hood's Sarsaparilla so thoroughly renovates the blood and restores strength and vigor that it permanently cures.

In fact, because of the character of the disease, and the peculiar merit of the remedy, Hood's Sarsaparilla is the common-sense treatment for catarrh.

"I was a sufferer from nasal catarrh, gradually growing worse. I began taking Hood's Sarsaparilla which completely cured me of that troublesome disease." MARY DOAN, 1015 Arrow Ave., Indianapolis, Ind.

FIREMEN AT WORK ON THEIR SOUVENIR

Photographer Taking Views of the City—Will Contain Local Chronology by Chief Spence.

Mr. L. A. Douglas, the special photographer engaged by the fire department, is now at work taking photographic views of the city, business blocks, residences, and street scenes, for the illustrations in the souvenir which the Firemen's Relief association will soon issue. Mr. C. E. Bissell is also here and will at once commence a canvass of the manufacturing and business districts for the benefit of this souvenir.

Chief Spencer, who has had many years experience in newspaper work in Janesville, is now compiling a brief history of the city, a sketch of the fire department, together with all local events of general importance of every name and nature. All elective city officers from the organization of the city to the present time, the date of the organization of these churches and the names of pastors, local societies, in fact the souvenir will be a local reference book, one to be relied upon. It will be printed in the highest style of the art, and the illustrations will be of first class only.

When your kidneys become impaired assist them with occasional doses of Dr. Crane's Kidney and Bladder Pills. Kidney, liver, indigestion, headache and constipation. All drug stores fifty cents.

THE VILLAGE POSTMASTER

This Celebrated and Popular Play Will Be Seen Here Next Friday.

The remarkable size of the audience that filled the 14th Street theater, New York, during the engagement of 227 nights there of The Village Postmaster, proves beyond all question that his latest addition to the list of plays illustrating rural New England life has secured a good hold on popular favor. It will be presented at the Myers Grand on Friday, April 18. The complete production will be given during this engagement exactly as given during the long run in New York, and the run of 125 nights in Chicago, which this now famous play enjoyed during the past season.

DON'T ACCEPT COUNTERFEITS

For piles, skin diseases, sores, cuts, bruises, burns and other wounds nothing equals Dr. Williams' Witch Hazel Salve. Don't accept counterfeits. Name genuine except Dr. Williams' have analyzed since 1865 with perfecting blood-purifying and until recently could find no perfect relief," says J. F. Gerrard of St. Paul, Ark. "I finally tried Dr. Williams' Witch Hazel Salve which soon completely cured me."

The Revival Meetings

The evangelistic services at Court Street church last evening were well attended and the meeting was both pleasant and profitable. A chorus choir, led by Miss Cora Anderson and D. D. Bennett, occupied the platform and added inspiration to the occasion.

Miss Anderson sang a solo, just before the sermon, which was very effective. Dr. Baskerville spoke on Consecration. The sermon was strong and convincing, appealing to intelligence and common sense rather than emotion. Services will be continued at the church every evening at 7:30, and a cordial invitation is extended to the public.

ANNIVERSARY OF THE RELIEF CORPS

Notable Local Event at W. H. Sargent
Post Last Evening—Fine Pro-
gram Was Rendered.

The ladies of the Woman's Relief Corps celebrated the seventeenth anniversary of the organization of W. H. Sargent Post Relief Corps in a very happy and appropriate manner at Post hall last evening. Members of the Post and their wives to the number of about 100 participated in the pleasures of the event.

Appropriate souvenir cards with neat ribbons were provided for all. They bore the date of the formation of the Corps the emblem of the society and the anniversary date. After about an hour pleasantly spent in a social and reminiscent way the program was called about 8 o'clock.

The program opened with a Scripture reading and prayer by the chaplain, after which all joined in singing America.

Mrs. A. M. Glenn then read a paper reviewing the work of the Corps beginning at its organization, when there were twenty-one members, until the present when there are fifty-four members in good standing. The Corps was installed by Mrs. Emma Wilbur, of Milton, who also installed the officers. This occurred on April 12, 1885.

In her paper Mrs. Glenn stated that since January 1, 1901 the Corps had raised \$254.73 besides dues, of which \$97.53 had been expended for relief. \$30 turned over to the Post, \$27.13 for flowers and livery hire for funerals and other sums for articles for use in the kitchen department. The first death occurred three years after the organization of the Corps and since that time six deaths have occurred. Since its organization the Corps has received from all sources \$3,860.71, which has been expended in a most judicious manner, some of the more important items being relief, \$589.49; Post, \$185; Waukegan Home, \$162; besides answering many other calls, also assisting many worthy sisters and their families.

Miss Ella Willis and Mrs. Mabel Dunwiddie followed with a duet and responded to an encore.

"The Waterwoman Song," a poem by "Ironquill," E. F. Ware, the newly elected pension commissioner was well read.

J. F. Carle, who marched with Sherman to the sea, gave a thrilling address on the battle of Raseen.

The program closed with all singing, "Marching Through Georgia," after which the banquet table was stormed and captured and the entire commissary department carried away.

A Sick Liver

Can work havoc with human happiness. It can change the cheerful philanthropist into a morose misanthrope and the optimist into a pronounced pessimist. The liver has a great deal to do with the removal of the waste of the body.

When it is sluggish in its action the whole body must suffer by reason of clogging accumulations.

The excretory organs in general promptly respond to the action of Dr. Pierce's Golden Medical Discovery. It restores the liver to healthy activity, purifies the blood, and cures diseases of the organs of digestion and nutrition.

Mr. Edward Jacobs of Marengo, Crawford Co., Indiana, writes: "After three years of suffering with liver trouble and malaria I gave up all hopes of ever getting straight again, and the last chance was to try your medicine. I had tried all the home doctors and received but little relief. After taking three bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets,' I am stout and hearty. It is due entirely to your wonderful medicines."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. There fore, accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery." They are easy to take, agree with the weakest constitution, and do not begot the pill habit.

Cures all Kinds of Rheumatism. **6088** Cures all Kinds of Blood Trouble. (SIXTY EIGHTY-EIGHT.)

MATT J. JOHNSON CO., St. Paul, Minn.
Gentlemen:—I have been a great sufferer from Rheumatism. I was laid up in bed and gave up all hopes of being cured. My legs were all swollen up and I could not move them without great pain. Your remedy was recommended to me by Chief Police O'Conner, who said "use" had cured him. On taking one-fourth of the bottle I was able to get out of bed, the first time in thirty days. I have taken my second bottle and now consider myself entirely cured. I write this that others may know of this wonderful remedy.

A FREE TRIAL. We guarantee 6088, to be free from all opiates, salicylates, iron, cocaine, mercury, and all poisonous drugs. On taking half a bottle and you are not satisfied, return the bottle and your money will be refunded, if bought from our authorized agent.

RANSACKED HOME OF S. HUTCHINSON

THIEVES ENTERED RESIDENCE IN
ABSENCE OF FAMILY.

Got Away with About \$200 Worth of Jewelry and Goods Without Being Discovered—Miss Hutchinson Loses Valuable Watch and Chain, and Some Other Ornaments.

Some time yesterday between nine in the morning and four in the afternoon thieves entered the home of S. Hutchinson at the corner of Fourth avenue and Cornelia street and getting away with about two hundred dollars worth of jewelry, without being discovered.

Yesterday morning Mr. Hutchinson and his daughter Susie left for Johnston and returned home in the afternoon about four o'clock. When they returned home they found the house all in good order. The doors were all locked as they had left them and nothing seemed to be wrong with the windows. In fact nothing wrong was discovered until about nine o'clock in the evening when Miss Hutchinson started to retire and went to her jewel case to wind her watch.

When she opened the case she discovered the watch and chain were missing as well as two valuable earrings and a pair of handsome earrings. She began to look around to see if she could discover anything else missing and noticed her pocket book on the dresser. This had been left with about \$3 in it and the thief took all but three cents.

Nothing else about the house was taken and not a thing was disturbed. In the jewel case, along with her watch was a handsome breast pin and her mother's wedding ring. These were not disturbed.

After the robbery was discovered Mr. Hutchinson made a thorough search of the house for the way the thieves gained an entrance but could find nothing out of place. Chief Hogan was up to the house this morning and looked the ground over. He is well-satisfied that the work was done by some one well acquainted with the premises. He was evidently only after money, and jewelry, as there was plenty of silverware and other valuable things about the house that could have been carried off.

HARVARD WON FROM JANESVILLE TEAM

The Local Boys Were Defeated Last Night in the Illinois Town by 121 Pins.

The Harvard, Ill., Bowling team got even with the Janesville boys for their defeat at the hands of the Janesville team last week, by winning the game at Harvard last evening by 121 pins. The Janesville boys lost the match last night in the first game, the Harvard boys having eighty-one pins the best of it. The Janesville boys were away off in this game, but picked up in the next two but were not able to overcome the lead gained by the Harvards. In the last game in the first five frames they cut the lead down and were ahead, but in the last five frames when they changed alleys the Harvard boys picked up wonderfully and added forty more pins to their lead. The score was:

This evening the Janesville team will bowl a match with the Beloit team. They have already been defeated by the Belois in three matches, but hope to win out tonight. The match will be called promptly at eight o'clock.

Card of Thanks.

As it will be impossible to see you all, we will use The Gazette to express our sincere thanks to the Woodmen, clerks, friends and neighbors for the assistance and many kindnesses shown us during our affliction.

Mr. and Mrs. H. E. Ludington.

AT J. M. BOSTWICK & SONS.

Owing to the unprecedented sale of woman's ready to wear suits, skirts and jackets our stock has been kept 'n a whirl. We would no more than get in a fine, large assortment, enough apparently to last for weeks, when we would have to send rush orders in for more. We have been fortunate in having our orders filled promptly on account of the immense outburst we have given certain manufacturers, who appreciate our trade and have given our orders the preference. Monday we received about 150 garments, including suits, jackets, raglans, walking skirts, dress skirts and silk skirts. So many women remark about the beautiful manner in which our garments are finished, the excellent materials, and the way they fit. Many a suit goes out that does not have to be changed in any particular. The big store can take care of you, and positively shows twice as many up to date ready to wear garments as any other house in southern Wisconsin. Our expert tailors superintend all alterations.

The Kemper Hall association was formed yesterday at the home of Miss Mae Valentine. The officers elected were Mrs. H. V. Allen, pres.; Mrs. W. A. Fire Yesterday Afternoon.

The fire yesterday afternoon at the house occupied by a family named Houser, on Linn street, was caused by some boys having a fire in the back yard. They took some lengths of stove pipe and made a connection between the fire and the summer kitchen in the rear of the building and soon had the summer kitchen in flames. An alarm was turned in from box 45 and the department was soon on the scene. It took but a few minutes to put out the fire after they got water. The summer kitchen was destroyed and a small section of the roof of the house damaged. The house is the property of J. G. Wray.

The sides of the car were covered with appropriate banners, announcing the purpose and destination.

DENIES BOY COULD SPREAD DISEASE

Health Commissioner Fifield says Williams Boy was examined and Pronounced Perfectly Well.

The following communication from Health Commissioner Fifield in reply to an article in The Gazette of yesterday is received:

Editor Gazette: The case of small pox reported by Dr. Woods yesterday in the Williams boy about which an article was printed in last night's paper has been thoroughly investigated by the City Health officer, Dr. P. Fifield and by Dr. Sutherland of the State Board of Health. The facts are as follows: The boy contracted smallpox while on a visit near Montfort, Wis., and was quarantined there for a period of about five weeks. Then after having been seen by three doctors and pronounced perfectly well he was given a thorough cleaning up and the house was fumigated. The fumigating was done a week ago last Sunday and the following Thursday the boy returned to Janesville.

His condition at present is as follows: There is not a pustule in any stage upon his entire body. There are absolutely no scars on the entire body. On one or two of the spots a very slight roughness can be detected but that is all and he is absolutely beyond any danger of conveying the disease. He of course is covered with red spots where the pustules have been but these often persist for months and contain no infection at all. A very large scare has been started on no grounds at all for as with most of the reports that have gained currency of late there is not a bit of truth in the whole report. The danger of the spread of smallpox does not come from the cases that have been diagnosed and quarantined, these cases often remain quarantined, but from the light cases of which there have been a large number which were never seen by a doctor and were never diagnosed or quarantined, these cases often roam the streets from the beginning of the trouble to the end; also there are a few cases which have been seen by doctors and wrongly diagnosed and thus escape quarantine. Every case of eruptive disease should at once be shown to some physician who has had experience with smallpox and is capable of diagnosing the disease. Especially all cases of chicken pox should be at once seen by a doctor for it is from cases supposed to be chicken pox that the disease has become so wide spread. The present epidemic has been so mild in the majority of cases that it is absolutely impossible to find and quarantine every case and with the chance of infection there is under these circumstances, it is highly probable that within the next two years every person who has never been vaccinated will contract the disease.

The boys on the playground were the Williams boy Dr. Woods saw on the streets yesterday and the Jesson boy; both, Dr. Fifield declares, are perfectly free from the disease and did not carry the infection.

SMALL POX CASE IN SCHOOL YARD

Considerable Excitement in the Second Ward School—Large Number of Children Exposed.

Considerable excitement was caused at the Second ward school yesterday by the discovery that two boys affected with small-pox, had joined the children in the yard and were engaged in play with them, thus exposing a large number of children to the dreaded disease. As soon as they were discovered by the teachers they were ordered out of the yard and the health officer notified.

Some measures should be taken by the authorities to prevent occurrences of this

Kodol

Digests what you Eat

Dyspepsia Cure

Many digestive compounds and tablets are recommended to cure dyspepsia by digesting food with the pepsin they contain. Most of these possess merit, but they all fail in many cases, because pepsin digests only albuminous foods, such as eggs and meat. But we must eat more than eggs and meat; and some of the worst cases of dyspepsia are caused by indigestion of fats and starches and other foods which pepsin cannot digest.

There is one preparation that contains all the digestants. It is Kodol Dyspepsia Cure, which digests what you eat, and has been used with remarkable success,—not a single failure to cure being reported from the many thousands who have used it.

J. E. Peabody, Pittsford, N. Y., says: "The first dose of Kodol Dyspepsia Cure relieved my son of stomach and heart trouble, and four bottles of it cured him. I heartily recommend it."

LAST MEETING OF THE OLD COUNCIL

Routine Matters Before the Aldermen Generally Cleared Up—Street Contracts Awarded.

Mayor Richardson presided and all the aldermen with the exception of McLean and Gliky were present at the last meeting of the old council last evening. Some business of importance was transacted, contracts for street improvement being awarded and a settlement of the Engebretsen damage suit ordered.

After the reading of the minutes of the previous meeting was concluded the regular business of the evening was taken up.

The city treasurer's report for the month of March was referred to the committee on finance and later accepted and placed on file. The bonds, of P. W. Ryan for grading North First street, Brown and Connors for the improvement of South Jackson and Court streets and of the incoming city officers were referred to the judiciary committee and later accepted and placed on file.

The mayor and city clerk were instructed to enter into a contract on the part of the city, with the contractors for the completion of the work.

The mayor announced the appointment of Wm. Ross as assistant street commissioner from April 1 to December 1. His action was confirmed by the council.

The finance committee reported favorably on a batch of bills and the same were ordered paid when there was money enough in the several funds to pay them.

The fire and water committee reported favorably on the application of the Rock River Machine company to erect a frame building sheeted with iron at their plant on North Main street, and the application was granted.

The action of the street assessment committee in awarding the contract for the grading of North First street to P. W. Ryan and for the improvement of South Jackson and Court streets to Brown & Connors was confirmed. The profile and grades of South Jackson, Oak and Franklin streets as submitted by the city engineer were adopted.

The report of the committee on sewerage presented to the council some time ago was adopted and ordered printed in the official city paper.

The report of the board of education for January, February and March was accepted and the action made one of the public orders of the city.

An ordinance amending the ordinance fixing the salary of the assistant street commissioner and increasing it from \$50 to \$60, per month was presented and given its first and second readings, and finally passed under a suspension of the rules.

A resolution fixing the salary of the assistant street commissioner at \$60 was adopted.

The city engineer was ordered to establish a grade on Liberty street, Callen Bros., were given permission to occupy portions of South Main, South First and Park streets during the erection of the public library. A. H. Priddle was given permission to use a portion of Liberty street while building.

The street commissioner was ordered to build a sidewalk in front of lot 105 Mitchell's 3rd addition.

The street commissioner was instructed to improve North Holmes, School, High and Galena streets with the material removed from Jackson street. A brick cross walk was ordered built across Pease Court on the east side of Bluff street.

Mayor Richardson was instructed to borrow \$500 and place it to the credit of the judgment fund. On motion of Alderman Hutchinson the council extended a vote of thanks to the retiring aldermen, Valentine and Fife, for the able and efficient manner in which they had performed their duties. The motion was carried unanimously.

After the reading of the minutes of the present meeting the council adjourned sine die.

A Class Reception

Last evening the fourth annual reception of the C. W. Knight and A. Crawford classes entertained about fifty of their young friends and about a dozen or so of matrons in the First M. E. church parlors. The tables were prettily decorated the colors being pink and white. Lloyd Winston gave a very neat essay on the origin of the banquet. Responses were given by the Rev. James Churn, C. W. Knight and A. Crawford. A good musical program was given: Bass solo, A. Crawford; Instrumental solo, Messrs. Blmer and Perry Van Pool; Harp solo, Harley Cary; Instrumental solo, Mrs. M. S. Kellogg and Mr. Leslie Williams; Reading, Miss Alice Clithero; Vocal duet, Mr. and Mrs. Van Pool; Piano selections were interspersed by Mrs. Dr. Richards, Mrs. Cary and Miss Crawford, who also acted as accompanist. The committee of arrangements to whom much credit is due, were Mrs. E. F. Hall, Mrs. F. J. Humphrey, Mr. W. J. Rathornel, Mrs. Leslie Williams. Some twenty young girls served.

Special Methodist Services

WHEN YOUR APPETITE FAILS YOU

It's high time to take a health inventory, rather than heap melancholy abuse on the waiter and the eating house. If normal, your appetite is sound. If not, it isn't, that's all.

From an Authority:

"In my whole experience I have never known a case of tuberculosis of the lungs that has not been preceded by chronic dyspepsia. I have never known a case of cancer, Bright's disease or diabetes that did not follow upon some form of stomach disturbance.

Nine out of every ten persons have dyspepsia. It is the first manifestation of lowered vitality.

Errors of eating have filled the hospitals, asylums and cemeteries. They are the true explanations of universal sickness."

Of Positive Quality

THE MIXED PAINT MADE BY

The Peninsular Lead & Color Works, Ltd.

Is always of uniform excellence.

The certainty of reliable, uniform First Quality is what the buyer desires and expects in Mixed Paint.

This certain quality means paint that is strong and true in color—that will spread evenly—that will preserve as well as ornament—that will not blister or scale or easily rub off—that constantly looks well—that is sure to wear well.

In all these requisites the Mixed Paint of The Peninsular Lead & Color Works (Ltd.) Detroit, has never disappointed any purchaser. It is always as good a paint as pure ingredients, skilled experience and modern equipment can produce.

Why experiment when you can buy sure satisfaction?

Washington Notes.

Washington, April 15.—The President has designated the Guaranty Trust Company of New York as the fiscal agent of the United States in the Philippines.

The Senate committee on judiciary has authorized a favorable report on a bill creating an additional Circuit judge in the Ninth district.

The President has appointed Archbishop Ryan of Philadelphia a member of the Board of Indian Commissioners. He succeeds Bishop Whipple, who died recently, and is the first Catholic prelate appointed on the board.

The Senate committee on pensions has ordered a favorable report on the bill granting increases of pensions to soldiers who have lost arms, legs or feet. The increase will be \$15 per month each, and will increase the annual pension appropriation bill \$1,300,000.

A subcommittee of the House judiciary committee, consisting of Representatives Littlefield of Maine, Thomas of Iowa and Clayton of Alabama, has decided to report back to the full committee without recommendation the proposition to change the date of inauguration of the President from the 4th of March to the last Thursday in April.

Clerks at the Chicago postoffice will after July 1 enjoy an eight-hour day. Largely through the efforts of Representative Mann the allowance for the pay of postal clerks was increased in the regular appropriation bill for the postoffice department, and Mr. Beavers, chief of the division of salary

WHAT'S THE USE

of your haggling with yourself about the price of your new Spring Suit or Top Coat. You see some clothes advertised in such tempting language, at such low prices, that you feel like "saving money." Now don't save money in the wrong direction.

You should never pay less than **\$15.00**, if you want a really good Suit of Clothes or Top Coat and as much more as you can afford

If you will invest \$20.00 or \$25.00, we assure you that the interest on the investment in the way of additional service, comfort and pleasure of knowing that you are wearing really fine clothes, will more than repay you the few extra dollars that you spend in this direction; you can better cut off your expenditure in any other direction rather than for clothes. There are no ready-to-wear Clothes that can compare for general excellence with those that bear our label.

In Our Merchant Tailoring ...Department...

We are turning out high class work. Our cases are complete in the latest Spring Novelties. Shall be pleased to have you look through the department.

Spring Samples of Shirting
